Experience

Freelance Web Development Consultant 2018-2019

Scarlet Day, Austin, TX

Analyze future trends and utilize cutting-edge technology for content development while maintaining profit objectives and ensuring mission success by fostering strong relationships with clients and strategic associates.

Technology Operations Manager 2016-2018

BSG Learning, Austin & Dallas, TX

Successfully created a G-Suite, full stack ERP that included modules for CRM, HR, A/R and sales, which increased the company's ability to manage clients and staff, define and meet goals, and understand and act on analytics.

Math Teacher Mentor 2012-2014

Texas Region III Math Collaborative, Victoria, TX

Created an asynchronous-blended curriculum with a team of three, contributing content, editing and illustrations, and developed and ran QUAL/quant studies as part of ongoing UX activities.

Education

Bootcamp Certificate, Rutgers University, Somerset, NJ (2019)

Intensive 12-week program honing full stack programming skills in cutting-edge web technologies including JavaScript ES6, Node JS, MongoDB, Express, Handlebars.js, React JS and React Native, HTML5, CSS3, JQuery.

Master of Arts in Mathematics Curriculum & Instruction, UT Arlington, Arlington, TX (2013)

Bachelor of Arts in Studio Art | Bachelor of Arts in Literature, UT Dallas, Dallas, TX (2007)
